

Adrian H. Feng

- EDUCATION:**
- University Hospitals of Cleveland, Case Western Reserve University**
Urology Residency, July 1999 to June 2003; Martin I. Resnick MD, Chairman
- University Hospitals of Cleveland, Case Western Reserve University**
General Surgery Residency, July 1998 – June 1999
- University Hospitals of Cleveland, Case Western Reserve University**
General Surgery Internship, July 1997 – June 1998
- Cornell University Weill Medical College, New York, NY**
Doctor of Medicine, May 1997
- Cornell University, College of Engineering, Ithaca, NY**
B.S. with distinction (Mechanical Engineering), May 1993

PRIVATE PRACTICE:

- 2003 - Present Urology Associates, Ltd.
202 E. Earll Dr., #360
Phoenix, Arizona 85012
(602)264-4431
Staff Urologist

RESEARCH/WORK EXPERIENCE:

- 1997 International Health Elective, **Bugando Medical Center, Mwanza, Tanzania, Africa.**
• *Monitoring of multidrug resistant strains of Mycobacterium tuberculosis*; • *Serving as an “under the tree doctor” (outpatient village care)*; • *AIDS home health care.*
- 1996-1997 George N. Papanicolaou Fellow in Clinical Anatomy, **Department of Cell Biology and Anatomy, Cornell University Medical College.** • *Teaching Assistant to first year medical students in the gross anatomy laboratories.*
- 1996-1997 Senior Advisor, First Year Medical Student Counseling Group
- 1996-1997 Co-director, local chapter, Big-Brother/Sister and Little-Brother/Sister Program, NYC
- 1996-1997 Participant, Adolescent Substance Abuse Prevention Program, Upper East Side, Manhattan, NYC
- 1994 National Institutes of Health Summer Research Fellow, **Department of Orthopedic Surgery, The Hospital for Special Surgery.** Sponsor: Dr. Allan Inglis, Sr. • *Primary investigator in the migration of the acetabular cup component of total hip joint prostheses*; • *Assisted in study of 15 year endurance and reliability of total elbow replacements.*
- 1993 Summer Research Intern, **Lab for Soft Tissues Research, The Hospital for Special Surgery.** Sponsor: Dr. Peter Torzilli. • *Mathematical modeling of articular cartilage using finite element analysis and FORTRAN programming*; • *Dimethylmethelene blue assay for proteoglycan content in cartilage*; • *Curve averaging program using statistical bootstrap techniques.*
- 1992-1993 Research Assistant, **Department of Biomechanical Engineering, Cornell University.** Sponsor: Dr. Donald Bartel. • *Studied structural integrity and design of biomechanical joint prostheses.*

HONORS/AWARDS:

- James C. Blankenship International Fellow (1997)
- B.H. Kean International Fellow (1997)
- National Institutes of Health Research Service Award (1994)
- ΠΤΣ, Mechanical Engineering Honors Society (1993)
- ΤΒΠ, Engineering Honors Society (1993)
- John McMullen Scholarship (1989-1993)
- New York State Tae Kwon Do Championships Gold Medal in sparring, Bantam weight (1993)
- National Piano Players Guild Award (1990)

SOCIETIES MEMBERSHIP:

- American Urologic Association (member # 346817)
- American Association of Clinical Urologists (member # 66670)
- Associate Member, Endourological Society

BOARD CERTIFICATIONS:

- 2006 Diplomate, American Board of Urology (#14003)

PUBLICATIONS/PRESENTATIONS/CURRENT RESEARCH:
